

Café G[®]

Stock Printed Foam Cups

Café G[®]

There's nothing upscale about double cupping!

Customers shouldn't need to rely on "double cupping" their paper hot cups to avoid burning their fingers. Dart's "Café G" stock printed foam cups keep hot beverages hot and cold beverages cold while remaining comfortable to the touch. Because this premium line of Thermo-Glaze foam cups keep beverages at their proper serving temperature, coffee will taste fresher longer than when it's served in a paper cup.

Café G stock printed cups . . .

- Provide increased insulation over paper cups
- Reduce the transfer of heat from the beverage to your hand
- Help control packaging costs by eliminating the need for double cupping, sleeves, or jackets.
- Maintain beverage quality and taste
- Eliminate "double cup dribble"
- Include a printed message to help promote the positive environmental aspects of foam cups

The Café G coffee-themed design incorporates a subtle color coding system to help customers and employees identify the correct cup size. Simply look for the color of the cup, saucer, and napkin in the diamond. You'll also find a variety of specialty lids available for Café G, including the Optima™ reclosable lid, to create the perfect combination for gourmet coffee to go.

Stock Number	Approximate Capacity	Packing		Case Cube	Case Weight	Suggested Lid
		Bag	Case
