Creative Carryouts® Dinner Box Hinged Plastic Packages

EASY-CLOSE PACKAGE THAT’S READY IN A SNAP

With busy lifestyles making it difficult to find time for food preparation at home, takeout meals have become an essential part of the consumer’s daily routine and a way for the operator to increase sales. The hinged dinner box has easy-to-close lids that snap securely shut and prevent slippage when stacked. Venting and secure closure preserves just-prepared quality while the fog-resistant lids enhance hot food appeal. The package design also allows re-heating of many foods in the microwave. Quite simply, Solo’s dinner box containers can impact sales in a big way.

Customers enjoy the restaurant experience at home!
